Software & Firmware
Solinst always recommends using the latest software and firmware release. Current releases can be downloaded at any time, free of charge, from the Solinst web site at: https://www.solinst.com/downloads/.
Always use the latest Levelogger® PC Software version to install the latest Firmware versions.
Note: Solinst always recommends that our customers download the data from their AquaVent loggers, using the same Levelogger Software version they were originally programmed with.
